Chatman's Bakery - Pride in Tradition

Chatman's Bakery has been a cherished part of family kitchens and get-togethers across Newfoundland and Labrador since 1979.

Why? Because Chatman's Bakery offers its customers TRUE homemade products. You can see the authentic handmade look, and after just one taste, you'll know these delicious sweets weren't manufactured using automated assembly lines.

Our Newfoundland treasures are made with love and pride, spread in pans by mothers, grandmothers, and daughters (even a couple of fathers, grandfathers, and sons), baked in our ovens, iced and cut, and packaged by hand. It's hard work, but we love it. And we love the smiles our hard work provides to families across the province and the country.

So why do we continue this tradition? Because we know that it's this loving attention to detail that has built the Chatman's Bakery brand. A tradition that we are proud of and our consumers are very thankful for.

By participating with your local fundraising organization, you are not only supporting your local community or town, but you are also continuing to provide local employment.

Thank you kindly for supporting both our business and your local organization.

Each package will include the name of the organization that you are supporting printed on the label!
